General Meeting 7:00 p.m., Wednesday, January 19, 2011

Fire Station 8 Community Room

THANK YOU: To Lisa Rosintoski from Colorado Springs Utilities for her presentation at our November meeting explaining the delivery system that carries city gas to our homes.

SNOW REMOVAL: Just a reminder that snow must be removed from sidewalks and public access areas within 24 hours after a storm. Most of our neighbors are doing a nice job of clearing their sidewalks and helping neighbors who need assistance. Thank you for being good neighbors.

HOME SECURITY: A PHNA Board member recently researched home security cameras that can be attached to the house. One that seemed promising is motion-activated and can be connected to a computer so that anyone approaching your door can be viewed on the computer monitor. These cost from \$90 to \$1000 and are available at Best Buy.

CHRISTMAS LIGHTS: Once again, a number of homes in our neighborhood displayed Christmas lights. They were a cheery, welcome sight enjoyed by all. Thank you for your participation.

SEWER PIPES: Houses in our neighborhood were built in the mid-1960's to 1970's. Aging clay sewer pipes now are showing some deterioration. The city will repair lines from your house to the street only if you have had your line cleared within the last two years, so if your line has been rooted, be sure to hang onto your receipt or bill with cancelled check, to show required proof to city utilities in case of problems.

GENERAL MEETING PROGRAM: Officers Rizk and Williams from CSPD Special Operations will offer a presentation about the red light traffic cameras. If you have questions or concerns, please be sure to attend to get answers.
