

PARK HILL NEIGHBORHOOD ASSOCIATION NEWSLETTER

General Meeting 7:00 p.m., Wednesday, November 16, 2011

Fire Station 8 Community Room

THANK YOU: To CSPD Sand Creek Division Commander Mark Smith for speaking at our September general meeting. Since the Board's initial meeting with Commander Smith on September 12, several Board members and neighbors have noticed an increase in police patrol cars in our neighborhood, especially along University and Michigan. Our hope is that increased police presence will help deter criminal activity in these hotspots and also may help keep it from spilling over into the neighborhood. If you want to review the CSPD calls for service in our area, remember to check the website - www.myneighborhoodupdate.net for reports specific to the street(s) you are interested in.

PROGRAM: District 17 state Representative Mark Barker will be our speaker for this meeting. There has been an ongoing battle over state re-districting, which happens every ten years. D17 and D18 definitely will be affected, as streets from Chelton Rd. North to Platte are proposed to switch from D18 to D17. If you have questions about how the state is run and these re-districting plans, come to our meeting and get your questions answered by your elected representative.

YARD WASTE COLLECTIONS: With leaves falling and broken tree branches from the last two snow storms, neighbors are faced with extra cleanup and may be interested in the Rocky Top Yard Waste Collection Program. Rocky Top takes yard waste (including tree limbs) FREE on Saturdays from 8:00 a.m. to 4:00 p.m. (1755 E. Las Vegas.) There is no fee, but you are asked to bring non-perishable food items. For more information and current program status, call 597-9103. El Paso County Solid Waste Management also offers a solid waste program. For more information about the county program, call 520-7878 or check details at www.elpaso.com

SNOW: Now that winter is knocking on our door, we want to remind people to clear sidewalks and public access areas within 24 hours of a storm. Many of you have been doing this diligently for a very long time. Thank you for being good neighbors.

WARNING: If you or your kids or grandkids take pictures with your smart phones and post them online, predators can locate you using GPS (global positioning system). Predators are tech-savvy, so be careful what you or your youngsters post online. Go to www.youtube.com/watch?v=N2vARzvWxwY for an interesting online video that also will instruct you how to set your phone so you don't run this risk.

Happy Thanksgiving and Merry Christmas!

Upcoming regularly scheduled meeting: Wednesday, January 18, 2012
